No. 3522/07
Encls. Memo + Cert

the Chairman, City Improvement Trust Board, Bangalore,

Date 25th September 1956.

To

The Secretary to Government,
Education and Local Self-Government Departments,
Bangalore.

Sir,

Regarding:- Construction of the Vokkaligara Sangha General Hostel in Bangalore City.

With reference to your Order No.6240-49 C.I.T.B. dated the 11th July 1956, regarding the above and communicating Sanction of Government to the estimate for Rs.3,74,300/- for the above work, I write to forward here-with an estimate amounting to Rs.6,000/- for sinking up of two wells of 4 and 6 feet diars, respectively for favour of information.

The report accompanying the estimate explains in detail the necessity and the nature of provisions made therein.

The cost of the work is proposed to be met out of the anticipated General Savings in the main estimate for Rs.3,74,300/- sanctioned for construction of this hostel.

As the hostel provides accommodation for nearly 210 Boys (Students) and the consumption of water for bathing and washing purposes will be heavy. TO prevent unnecessary use of filtered water for this purpose (which will be too costly in the long run), it is proposed to sink two wells of one 6 feet diar. and another of 4 feet diar. on the eastern and western sides of the Building respectively, with necessary pumping arrangements and water connections. The estimate may therefore be returned duly approved very early, in order that the work may be taken up and completed simultaneously with the Building.

Yours faithfully,

Chairman.

jk)

Report to accompany the estimate for sinking two wells near Vokkaligara Sangha General Hostel on Krishnarajendra Road, Bangalore.

The construction of the huge Vokkaligara Sangha General Hostel on Krishnarajendra Road is already taken up and the work is progressing rapidly The hostel provides accommodation for nearly 210 boys and the consumption of water for bathing and washing purposes will be pretty high. To prevent use of filtered water for this purpose, it is proposed to sink two wells one of 6' dia., and another of 4' dia., on the eastern and western sides of the building respectively and provide necessary pumping arrangements and water connections. Each well is proposed to be of 6 fathoms depth and stone-staining is provided for the full depth. Other necessary provisions such as parapet wall, T.W.covering shutters etc., are made. The rates provided are as per schedule of 1955-56 and the estimate amounts to Rs.6,000/- as per abstract estimate enclosed. The cost could be met out of the anticipated general savings in the sanctioned estimate for Rs.3,74,300/- for the construction of the Vokkaligara Sangha General Hostel.
